

Fiberglass is the best choice

Quick and easy to install

Your pool can be installed in less than 7 days and in most soil conditions.

Structural Maintenance free

Smooth, non-porous gelcoat never requires painting and resists stains.

Strength in Quality

All of our pools are built well above industry standards using American made materials.

Smooth and Safe surface

Smooth surface means no skinned fingers or toes.

Pet Friendly

Pets can not shred or tear the surface.

Durable and Flexible

Can flex in tough northern freeze, thaw cycles, and earth movement.

Style

Different sizes and models available, offering built-in steps and seats.

I M P O R T A N T

Caribbean Bay Pools manufactures and distributes its pools through independent dealers.

The relationship between Caribbean Bay Pools and each of the dealers is that of independent contractor and shall never be deemed to be an employee, partnership, or any other similar relationship or liability whatsoever for the installation of its pools in which installation is independent contractor that sold and installed the pool at its subcontractors.

Caribbean Bay Pools are all NON-DIVING Pools.

CARIBBEAN BAY FIBERGLASS POOLS

We are a company dedicated to manufacturing and selling high quality **fiberglass pools**.

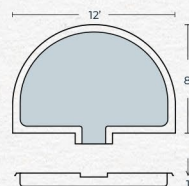

Our pools are pre constructed with the best resins in the market and with a unique laminatVion pattern. We guarantee the best quality in each pool by constantly supervising the fabrication process.

We offer a **15-year structural guarantee** as our manufacturing process creates one of the most solid and resistant pools in the industry.
